Dear Doctor Koth:

**THANK YOU** for your sponsorship of \$200.00 to support the Wisconsin Medical Society Foundation's **Operation: Education** program for the incoming class of 2022. These programs provide an opportunity for medical students to interact with physicians representing a variety of different primary and specialty care practices and research positions to introduce them to the many medical career options available.

The Operation: Education programs, held at the two Wisconsin medical schools, are very popular among both students and participating physicians. The University of Wisconsin School of Medicine and Public Health and the Medical College of Wisconsin programs will be held in January 2019.

Your sponsorship will be recognized at the event and on the Foundation's website.

We deeply appreciate your support of these important educational programs.

Warm Regards,

Eileen M. Wilson  
Executive Director

Thanks so much!
